

necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed rule change, by permitting the listing and trading of ETF Shares operating under Multi-class ETF Shares exemptive relief, would introduce additional competition among various ETF products to the benefit of investors.

The Exchange neither solicited nor received comments on the proposed rule change.

notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange is filing a proposal to amend Rule 313, Other Restrictions on Options Transactions and Exercises; and Rule 700, Exercise of Option Contracts.³

The text of the proposed rule change is available on the Exchange's website at <https://www.miaxglobal.com/markets/us-options/miax-options/rule-filings>, at MIAX's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Exchange Rule 313, Other Restrictions on Options Transactions and Exercises; and Rule 700, Exercise of Option Contracts.

Background

Historically, standard expiration contracts expired at 11:59 p.m. Eastern Time, on the Saturday following the third Friday of the specified expiration month. In 2013 the Options Clearing Corporation ("OCC") proposed a rule change to allow the OCC to change the expiration date for most option contracts to the third Friday of the expiration month instead of the Saturday following the third Friday.⁴

³ The Exchange notes that MIAX Rule 313 and MIAX Rule 700 are incorporated by reference to the Exchange's affiliates MIAX Pearl and MIAX Emerald.

⁴ See Securities Exchange Act Release No. 69772 (June 17, 2013), 78 FR 37645 (June 21, 2013) (SR-OCC-2013-04) (Order Approving Proposed Rule Change to Change the Expiration Date For Most Option Contracts to the Third Friday of the Expiration Month Instead of the Saturday Following the Third Friday).

Since that time the industry has supplemented options that expire monthly by offering options that expire on Mondays and Wednesdays⁵ and also on Tuesdays and Thursdays.⁶

Proposal

While the Exchange's rule that governs the listing of options, Rule 404, Series of Option Contracts Open for Trading, has been periodically amended to account for changes to the Short Term Options Series Program,⁷ other tangentially related rules have not been simultaneously updated to adequately reflect these changes. Specifically, the Exchange now proposes to amend Exchange Rule 313, Other Restrictions on Options Transactions and Exercises, to adopt clarifying language and Rule 700, Exercise of Option Contracts, to adopt clarifying language and to amend paragraph (c) to adopt clarifying language and to also remove unnecessary rule text to align to current Rule 404.

The Exchange proposes to amend paragraph (a)(2) of Rule 313 to adopt rule text that will provide additional detail for options that expire on a business day and a non-business day. Currently, the first sentence of paragraph (a)(2) provides that, "[n]otwithstanding the foregoing, during the ten (10) business days prior to the expiration date of a given series of options, other than index options, no restriction on exercise under this Rule may be in effect with respect to that series of options." The Exchange now proposes to amend the sentence to provide that, "[n]otwithstanding the foregoing, during the ten (10) business days prior to the expiration date of a given series of options, which shall

include such expiration date for an option contract that expires on a business day, other than index options, no restriction on exercise under this Rule may be in effect with respect to that series of options." The Exchange also proposes to amend the second sentence of paragraph (a)(2) of Rule 313. Currently, the second sentence provides that, "[w]ith respect to index options, restrictions on exercise may be in effect until the opening of business on the last business day before the expiration date." The Exchange now proposes to amend the sentence to provide that, "[w]ith respect to index options, restrictions on exercise that may be in effect until the opening of business on the business day of their expiration, or, in the case of an option contract expiring on a day that is not a business day, on the last business day before the expiration date."⁸

The Exchange also proposes to amend paragraph (a)(3)(ii) of Exchange Rule 313. Currently, paragraph (a)(3)(ii) provides that "Exercises of expiring American-style, cash-settled index options shall not be prohibited on the last business day prior to their expiration." The Exchange now proposes to amend the sentence to provide that, "[e]xercises of expiring American-style, cash-settled index options shall not be prohibited on the business day of their expiration, or, in the case of an option contract expiring on a day that is not a business day, on the last business day prior to their expiration."⁹

The Exchange proposes to amend Exchange Rule 700, Exercise of Option Contracts, to adopt new rule text related to expiring options. Currently, paragraph (b) provides that, "[s]pecial procedures apply to the exercise of equity options on the last business day before their expiration ('expiring options')." The Exchange now proposes to amend the sentence to provide that, "[s]pecial procedures apply to the exercise of equity options on the business day of their expiration, or, in the case of an option contract expiring on a day that is not a business day, on the last business day before their expiration ('expiring options')."¹⁰

The Exchange also proposes to amend paragraph (c) of Rule 700. Currently, paragraph (c) provides that, "[o]ption holders have until 5:30 p.m. Eastern

Time on the business day immediately prior to the expiration date or, in the case of Short Term Option Series and Quarterly Options Series, on the expiration date, to make a final decision to exercise or not exercise an expiring option." The Exchange now proposes to amend the sentence to provide that, "[o]ption holders have until 5:30 p.m. Eastern Time on the business day of their expiration, or, in the case of an option contract expiring on a day that is not a business day, on the business day immediately prior to the expiration date, to make a final decision to exercise or not exercise an expiring option." The Exchange also proposes to remove unnecessary language from paragraph (c).¹¹ Specifically, the Exchange proposes to remove the text that provides, "[r]especting options that expire after February 1, 2015, option holders have until 5:30 p.m. Eastern Time on the expiration date to make a final decision to exercise or not exercise an expiring option. Members may set earlier cutoff times for customers submitting exercise notices," as this text is made obsolete by the proposed changes to the first sentence of paragraph (c).

The Exchange proposes to amend paragraph (d)(iii) of Rule 700. Currently, paragraph (d)(iii) provides that, "Members have until 7:30 p.m. Eastern Time on the business day immediately prior to the expiration date or, in the case of Short Term Option Series and Quarterly Options Series, on the expiration date, to submit a Contrary Exercise Advice to the Exchange if such Member employs an electronic submission procedure with time stamp for the submission of exercise instructions by option holders." The Exchange now proposes to amend this sentence to remove unnecessary language, such that the proposed sentence will provide, "Members have until 7:30 p.m. Eastern Time to submit a Contrary Exercise Advice to the Exchange if such Member employs an electronic submission procedure with time stamp for the submission of exercise instructions by option holders."

The Exchange proposes to amend paragraph (h) of Rule 700. Currently, paragraph (h) provides that, "[i]n the event the Exchange provides advance notice on or before 5:30 p.m. Eastern Time on the business day immediately prior to the last business day before the expiration date indicating that a modified time for the close of trading in equity options on such last business day

before expiration will occur, then the deadline to make a final decision to exercise or not exercise an expiring option shall be 1 hour 30 minutes following the time announced for the close of trading on that day instead of the 5:30 p.m. Eastern Time deadline found in Rule 700(c).” The Exchange now proposes to amend the sentence to provide that, “[i]n the event the Exchange provides advance notice on or before 5:30 p.m. Eastern Time on the business day immediately prior to the business day of expiration, or, in the case of an option contract expiring on a day that is not a business day, the business day immediately prior to the last business day before the expiration date indicating that a modified time for the close of trading in equity options on such business day or expiration, or, in the case of an option contract expiring on a day that is not a business day, such last business day before expiration will occur, then the deadline to make a final decision to exercise or not exercise an expiring option shall be 1 hour 30 minutes following the time announced for the close of trading on that day instead of the 5:30 p.m. Eastern Time deadline found in Rule 700(c).”¹²

The Exchange proposes to amend paragraph (i)(2) of Rule 700. Currently, the last sentence of paragraph (i)(2) provides, “[f]or purposes of this subparagraph (i)(2), an ‘unusual circumstance’ includes, but is not limited to, a significant news announcement concerning the underlying security of an option contract that is scheduled to be released just after the close on the business day immediately prior to expiration.” The Exchange now proposes to amend the sentence to provide that, “[f]or purposes of this subparagraph (i)(2), an ‘unusual circumstance’ includes, but is not limited to, a significant news announcement concerning the underlying security of an option contract that is scheduled to be released just after the close on the business day the option contract expires, or, in the case of an option contract expiring on a day that is not a business day, the business day immediately prior to expiration.”¹³

Finally, the Exchange proposes to amend paragraph (l)(8)(ii) of Rule 700. Currently, paragraph (l)(8)(ii) provides, “[e]xercises of expiring American-style, cash-settled index options shall not be prohibited on the last business day prior to their expiration.” The Exchange now

proposes to amend this sentence to provide, “[e]xercises of expiring American-style, cash-settled index options shall not be prohibited on the business day of their expiration, or, in the case of option contracts expiring on a day that is not a business day, on the last business day prior to their expiration.”¹⁴

2. Statutory Basis

The Exchange believes the proposed rule changes are consistent with the Act and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.¹⁵ Specifically, the Exchange believes the proposed rule changes are consistent with Section 6(b)(5)¹⁶ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

The Exchange believes its proposal to amend Rule 313 promotes just and equitable principles of trade and perfects the mechanism of a free and open market and a national market system, and, in general, protects investors and the public interest as the proposal provides additional detail and clarity to the Exchange’s rules. Clear and concise rules benefit investors and the public interest by clearly describing Exchange processes which removes the potential for confusion.

The Exchange believes that its proposal to amend Rule 700 promotes just and equitable principles of trade, fosters cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, removes impediments to and perfects the mechanism of a free and open market and a national market system, and, in general protects investors and the public interest as the proposal provides additional detail and clarity to the Exchange’s rules. Additionally, the proposed changes to paragraph (c) harmonizes the Exchange’s exercise cut-off time process to that of other options

exchanges¹⁷ providing consistency within the industry which benefits investors and the public interest. The Exchange believes that keeping its rules consistent with those of other option exchanges will protect all participants in the market by eliminating confusion. Finally, the proposed changes do not permit unfair discrimination between Members¹⁸ as the rules of the Exchange apply to all Members equally.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange believes that the proposed rules changes would not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule changes are not intended to address a competitive issue but rather would clarify the interaction of the Exchange’s rules with one another and harmonize certain rule text regarding expiring options to that of other option exchanges. The proposal is not designed to address any aspect of competition, either between the Exchange and its competitors, or among market participants. Therefore, the Exchange does not believe the proposed rule change would impose a burden on competition.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act¹⁹ and Rule 19b-4(f)(6)²⁰ thereunder.

¹⁹ 15 U.S.C. 78s(b)(3)(A).

²⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to establish the NYSE Pillar Depth (“Pillar Depth”) data feed. The proposed rule change is available on the Exchange's website at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to establish the Pillar Depth data feed. The Pillar Depth data feed is a frequency-based depth of book market data feed that would provide a consolidated view of the ten (10) best price levels on both the bid and offer sides across the NYSE Group's combined limit order books for securities traded on the NYSE Group equities markets, *i.e.*, New York Stock Exchange LLC (“NYSE”), NYSE American LLC (“NYSE American”), NYSE Arca, Inc. (“NYSE National”), for which the NYSE Group equities markets report quotes and trades under the Consolidated Tape Association (“CTA”) Plan or the Nasdaq/UTP Plan.

Background

The Exchange recently established the NYSE Aggregated Lite (“NYSE Agg Lite”) data feed.⁴ The NYSE Agg Lite is a NYSE-only frequency-based depth of book market data feed of the NYSE's limit order book for up to ten (10) price levels on both the bid and offer sides of the order book for securities traded on NYSE and for which NYSE reports quotes and trades under the CTA Plan or the Nasdaq/UTP Plan.⁵ The NYSE Agg Lite would be updated no less frequently than once per second. The NYSE Agg Lite would include depth of book order data as well as security status messages. The security status message would inform subscribers of changes in the status of a specific security, such as trading halts, short sale restriction, etc. In addition, the NYSE Agg Lite would also include order
