1. Text of the Proposed Rule Change

(a) Miami International Securities Exchange, LLC (“MIAX Options” or “Exchange”), pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² proposes to amend Exchange Rule 406, Long Term Option Contracts.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1, and the text of the proposed rule change is attached hereto as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by the Chief Executive Officer of the Exchange pursuant to authority delegated by the MIAX Options Board of Directors on December 8, 2016. Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the proposed rule change.

Questions and comments on the proposed rule change may be directed to Richard S. Rudolph, Vice President and Senior Counsel, at (609) 897-1484.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange is proposing to amend Exchange Rule 406, Long Term Option Contracts, to make clarifying changes to the Rule, as described below.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

Currently, Exchange Rule 406(a) states that the Exchange may list long-term option contracts that expire from twelve (12) to thirty-nine (39) months from the time they are listed. The Exchange proposes to amend Rule 406(a) by defining expirations from twelve (12) to thirty-nine (39) months from the time the option is listed as “long-term expiration months.”

Rule 406(a) states that there may be “up to six additional expiration months.” As currently written, the Rule does not specify which expiration months the six months are in addition to, or whether that means that there may be a total of six long-term expiration months (six long-term expiration months in addition to existing non-long-term expiration months) or a total of seven expiration months (one long term expiration month plus six additional long-term expiration months), and thus is ambiguous. Accordingly, for clarity, the Exchange proposes to delete the word “additional” from Rule 406(a). As amended, the rule would clearly and simply provide that the Exchange may list up to six long-term expiration months (i.e., that expire from twelve up to thirty-nine months from the time they are listed).

Finally, in order to further clarify the Rule, the Exchange is proposing to amend Rule 406(a) to state that there may be up to six (6) long-term expiration months per option class. Thus, there is no limit to the number of option classes for which the Exchange could list options with long-term expiration months; the rule will now clearly state that there may be up to six long-term expiration months per class, i.e., for any class(es) in which the Exchange determines to list options with long-term expiration months.

b. Statutory Basis

MIAX Options believes that its proposed rule change is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(5) of the Act⁴ in particular, in that

³ 15 U.S.C. 78f(b).

it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, by clarifying rule language associated with permitted listings of long term options on the Exchange.

4. Self-Regulatory Organization's Statement on Burden on Competition

MIAX Options does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will have no impact on competition as it is not designed to address any competitive issues but rather to add additional clarity to, and remedy possible conflicts in, the Exchange's Rules.

The Exchange does not believe that the proposed rule changes will impose any burden on intermarket competition as the Rules apply equally to all Exchange Members.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

⁴ 15 U.S.C. 78f(b)(5).

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

Pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6)⁶ thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The proposed rule change merely makes simple clarifying changes to the rule text.

The Exchange believes that the proposed rule change does not raise any new regulatory issues. Accordingly, the Exchange believes that the proposed rule change is non-controversial and is therefore eligible for immediately effective treatment under the Commission's current procedures for processing rule filings.

Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement. Furthermore, a proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁷ normally does not become operative for 30 days after the date of its filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such

action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

² 17 CFR 240.19b-4.

the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend Exchange Rule 406, Long Term Option Contracts, to make clarifying changes to the Rule, as described below.

Currently, Exchange Rule 406(a) states that the Exchange may list long-term option contracts that expire from twelve (12) to thirty-nine (39) months from the time they are listed. The Exchange proposes to amend Rule 406(a) by defining expirations from twelve (12) to thirty-nine (39) months from the time the option is listed as “long-term expiration months.”

Rule 406(a) states that there may be “up to six additional expiration months.” As currently written, the Rule does not specify which expiration months the six months are in addition to, or whether that means that there may be a total of six long-term expiration months (six long-term expiration months in addition to existing non-long-term expiration months) or a total of seven expiration months (one long term expiration month plus six additional long-term expiration months), and thus is ambiguous. Accordingly, for clarity, the Exchange proposes to delete the word “additional” from Rule 406(a). As amended, the rule would clearly and simply provide that the Exchange may list up to six long-term expiration months (i.e., that expire from twelve up to thirty-nine months from the time they are listed).

Finally, in order to further clarify the Rule, the Exchange is proposing to amend Rule 406(a) to state that there may be up to six (6) long-term expiration months per option class. Thus, there is no limit to the number of option classes for which the Exchange could list options with long-term expiration months; the rule will now clearly state that there may be up to six

long-term expiration months per class, i.e., for any class(es) in which the Exchange determines to list options with long-term expiration months.

2. Statutory Basis

MIAX believes that its proposed rule change is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(5) of the Act⁴ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanisms of a free and open market and a national market system and, in general, to protect investors and the public interest, by clarifying rule language associated with permitted listings of long term options on the Exchange.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change will have no impact on competition as it is not designed to address any competitive issues but rather to add additional clarity to, and remedy possible conflicts in, the Exchange's Rules.

The Exchange does not believe that the proposed rule changes will impose any burden on intermarket competition as the Rules apply equally to all Exchange Members.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

³ 15 U.S.C. 78f(b).

⁴ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate, it has become effective pursuant to 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6)⁶ thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
